

Community Liaisons 2022-2023

— Auburn Union Elementary
School District —

Our Mission

LIAISON

We serve as a bridge between our schools, our community and home, to ensure that students meet academic success.

**We look to partner with you and provide the resources to
achieve this goal.**

We strive to create strong relationships between parents, students, and teachers. A strong partnership between stakeholders is an essential part in ensuring student success.

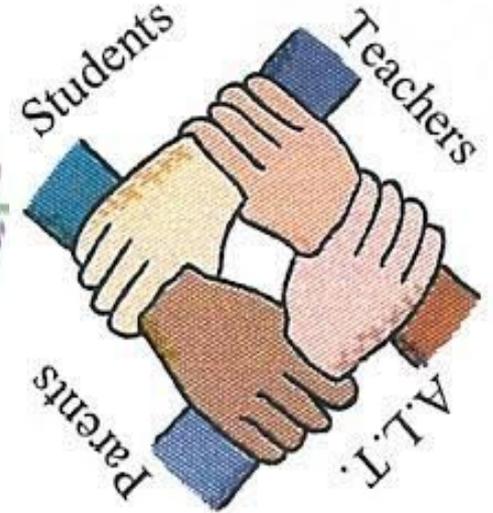

GOALS

The image shows the word "GOALS" spelled out on a horizontal string of light brown twine. Each letter is on a separate, rectangular piece of paper, held in place by a small wooden clothespin. The letters and their corresponding paper colors are: 'G' on a red square, 'O' on a light blue square, 'A' on a medium blue square, 'L' on a bright blue square, and 'S' on a green square. The letters are written in a simple, black, sans-serif font. The background is plain white.

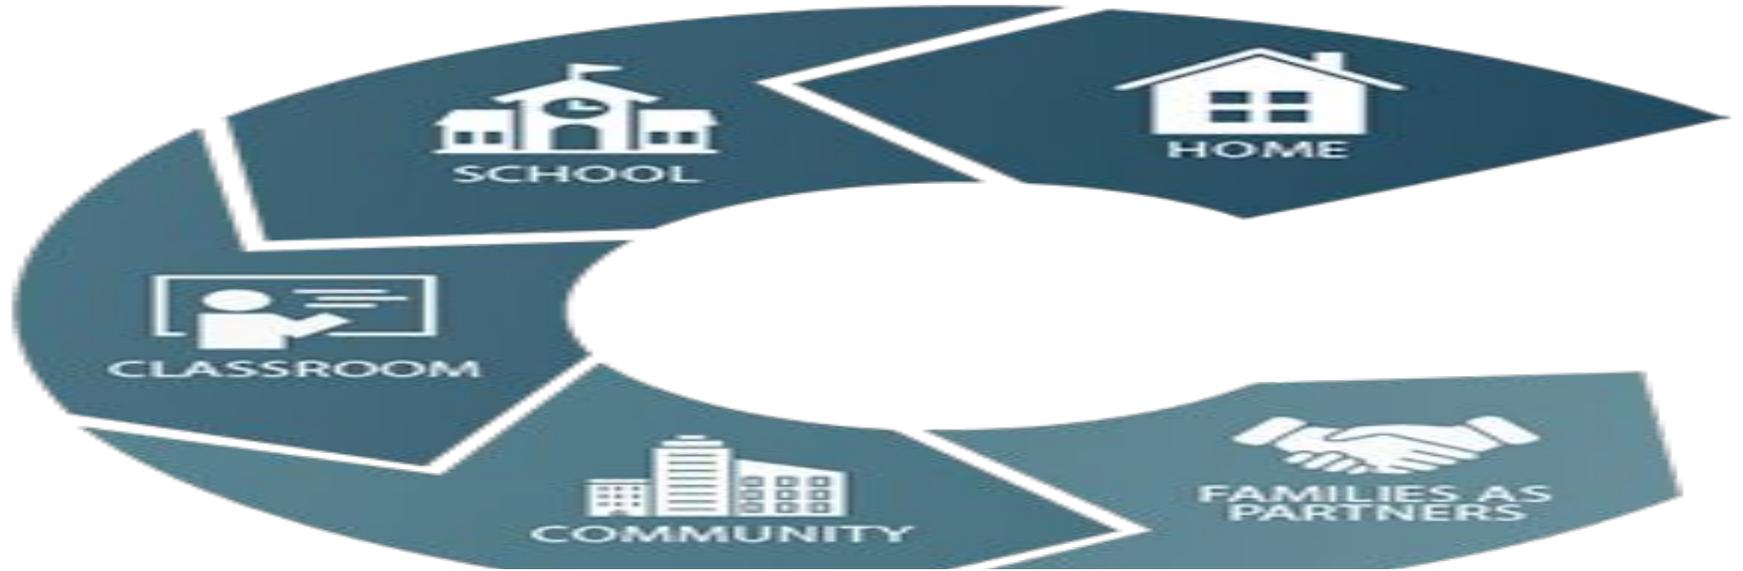

Working closely with building personnel, parents and community based organizations

Translating and interpreting services for conferences, meetings, and parent communications

Serving as a facilitator between parent(s) and school

Conducting outreach to engage parents in their children's education

Maintaining ongoing contact with partnering community organizations

We are here to support students, teachers/staff and families!

Let us know how we can partner with you this school year.

Student Success is Our Goal

**We stand together to place the child at
the heart of every decision.**
